## CHINESE AND RUSSIAN LEADERS START TALKS

### NATURE OF DISCUSSIONS NOT REVEALED

Moscow (P)—Chinese Premier Zhou En-lai and Kremlin leaders appeared today for major talks aimed at tightening the military, economic and political ties of the Chinese-Soviet Communist partnership.

The Premier, who is also Red China's foreign minister, flew to Moscow yesterday from Peking with a big delegation that included his deputy premier, Chen Yung, and a sizable group of military experts.

The nature of the top-level discussions between the world's biggest Communist nations was kept secret.

It was evident, however, that military questions would rank high among those taken up since Zhou brought along the deputy chief of Peking's general staff, Yu Ya-low; his Air Force commander, Li Shun-chu; Deputy Navy Commander Li Shun-chu; and Deputy commander of Artillery Tsu huan.

Judging by others in the party, other economic bonds will be sought also in the talks. Economic specialists with Chou included Minister of Heavy Industry Wan Hsiao-tung, Minister of Fuel Chen Yui, Deputy Minister of Communications Wang Cheng, Deputy Minister of Machine Building Wang Tsao-an and economic expert Li Fu-hung.

On the political side were the head of the Asian department of the Foreign Ministry, Han Chia-kan; the chief of the Soviet and Eastern Europe department, Hsu Yi-shan; and the ministry's political secretary, Shih hen.

### TYPHOON WINDS AND RAIN BOG FIGHTING

Seoul, Korea (P)—Typhoon winds and rains today bogged fighting and grounded warplanes in the Korean War.

Counter-attacking Chinese, supported by a 1,425-round mortar-artillery barrage, won a hill out on the East-Central Front today. It was the third time the hill, east of the Pukhan River, had changed hands in four days of bitter hand-to-hand fighting.

The Chinese first captured the hill last Thursday. U. N. troops on it back early Sunday but before noon the Reds rushed the position again. The U. S. Eighth Army said 13 Reds were killed before U. N. troops fell back.

### CASUALTY LIST

Washington (P)—The Defense Department today identified 134 casualties of the Korean War. The list No. 630 included 15 killed, 108 wounded, seven injured and four missing.

### BARLEY ON SIDE LINE

Paducah, Ky. (P)—Vice President Alben Barkley said last night he had made no speaking appointments as yet for the Democratic campaign and didn't know what his role would be. He also declared in an interview that he had no intention of seeking a seat in the Senate in the Nov. 4 election.

### OVER FOUR INCHES OF RAIN FALLS IN WEEK

Four and one-half inches of rain fell in Warren from Sunday August 10th to Sunday August 16th, according to Gilbert Feiler, local U. S. Weather Observer. The section experienced one of the wettest weeks of the summer from Friday, the 16th to Sunday the 18th. The observer says Friday precipitation was 1.48 inches, and the rainfall from Saturday until Sunday morning was 1.31 inches. The extraordinary rainfall failed to have a marked effect on the river stage, however. It registered 2.17 feet Saturday and Sunday but today was back to 1.84 feet.

### Henry Kaiser Says Unknown Saboteurs Attempted His Life

Tahoe City, Calif. (P)—Industrialist Henry J. Kaiser today accused unknown saboteurs who tampered with two speedboats he had entered in races here of a murderous attempt on his life.

Damage to the powerboats was discovered a half hour before race time yesterday.

Harry Johnson, Tahoe City constable called on the case, said the sabotage was crude and might be the work of a crank, or of Lakeside residents who have complained that Kaiser's boats are too noisy. A hunt for fingerprints was started.

The damage was discovered by Kaiser's mechanic and driver, Max Collins, after he noticed a hacksaw blade in the bottom of the 32-foot Gold Cup racer Hot Metal.

Kaiser was not deterred from racing.

### GRASSLAND CONGRESS ON AT STATE COLLEGE

State College (P)—Two thousand delegates from 55 nations today were welcomed to the sixth International Grassland Congress by Gov. John S. Fine and Dr. Milton S. Eisenhower.

The week-long Congress, first since a 1949 session in the Netherlands, was called to promote world-wide improvement and conservation of grassland through exchange of new farming methods.

About 200 technical papers will be presented at separate sessions of the Congress' 12 divisions.

Six officials for the Congress were named last night. Heading the list was Dr. Will M. Myers, chief of the Agronomy Department of the University of Minnesota, who was designated Secretary General of the special staff.

## Eight Boys Admit Being Implicated in Series of Robberies and Depredations

Minor depredations which started with petty robberies and culminated in the theft of an automobile, found a solution at 5 a. m. Sunday when Borough Police picked up four juveniles on Pennsylvania avenue and obtained a general confession which implicated four other youths as well.

When the boys were apprehended on the street they were carrying a Pennsylvania license plate and after being questioned by Officers William Hewitt, Bernard Winegardner and Willard Zerbe, they admitted having stolen this plate from a customer's car parked in the Keystone Garage. Possession of this plate did not represent their only activity of the evening as they admitted having taken a dealer's plate from the

### MANY DEAD IN FLASH FLOOD IN ENGLAND

Lynmouth, England (P)—Army engineers blasted and bulldozed their way today through the debris of a flash flood believed to have drowned 39 persons in England's southwest resort coast.

Thus far nine bodies have been recovered from among the rain-washed boulders and house wreckage along a 15-mile stretch of the Devon Coast. Still missing and presumed dead were 30 more villagers and vacationers.

The British Press Association had said earlier that the known dead had reached 22 with others missing. Later information caused a revision of the figures.

This picturesque vacation town was almost washed into the sea by water which poured over the banks of the Lyn River at the height of the flood early Saturday morning.

The Army engineers were racing against newly threatening skies in an attempt to put the Lyn back into its course. More rains might spread the waters over a still larger area.

First estimates put the property damage in the whole flooded area at over seven million pounds almost 20 million dollars.

### Southwest Petition Protests Proposed Jointure Program

County Superintendent of Schools H. L. Blair, at Friday's meeting of the county school board, presented for the board's consideration a petition signed by 169 residents of Southwest township, protesting the proposed jointure of that township with Pleasantville boro and two Venango county townships, as decided upon by the Southwest township school board. There are about 200 eligible voters in Southwest township.

Mr. Blair said, that in accordance with the petitioners request, he forwarded the paper to the Department of Public Instruction in Harrisburg. He went on to say, however, that the petition has no legal weight, and can merely serve as a guide to the school directors as to what the majority of their constituents wish.

The township has been a hotbed of contention over the jointure, the majority of persons favoring the construction of a grade school at Enterprise, and the sending of grades seven through 12 to Titusville high school, as has been done in the past.

The board has concluded an agreement with Pleasantville and the other two townships to send all grades to Pleasantville.

Signers of the petition, who identified themselves as residents and registered voters, asked the county school board to transmit their disapproval to Harrisburg. The petition cited the fact that Southwest township would be required to pay \$5,000 for an addition to the Pleasantville school.

Signatures were dated between July 31 and August 4.

### MRS. PENNSYLVANIA

Johnstown (P)—Pennsylvania's entry in the "Mrs. America" contest Sept. 7 at Asbury Park, N. J., will be a striking 23-year-old Johnstown brunette. She is Mrs. Agnes Wicks, who won the "Mrs. Pennsylvania" title during the weekend over nine other pretty contestants. Mrs. Wicks is 5 feet 6 and weighs 128. Other measurements: bust 36, waist 26, hips 36.

## Friends of South St. School Study Plans To Solve Pupil Apportionment On East Side

In order to consider three proposals submitted by the Warren Board of School Directors, any one of which is expected to solve the problem of student apportionment on the East Side, members of the "Friends of South Street School" organization will hold an important meeting at 7:30 p. m. Tuesday in South Street school.

Anxious to avoid having the younger children walk long distances to and from school, and face various traffic hazards, the organization of parents had applied to the School Board in an attempt to retain at least three lower grades at South Street school and avoid a total ultimate abandonment of the building as a school.

Asked to meet at the high school Friday night with the directors, Supt. Carl E. Whipple turned over to the Board, for presentation to the committee, the following three suggestions:

1. Four double grades could be made, one first and second and one fifth and sixth at South and two similar at Lacy. The first and second graders sent to Lacy could be brought back to form the double grade there and the rest of the remaining first and second graders from the two rooms could form a double grade at Lacy. To make room for them at South the fifth graders living east of South Street excepting those on Plum and the sixth graders living east of South Street including two above Madison Avenue on North South Street could be made into a double grade and sent to Lacy. This would require the rest of the fifth and sixth grade pupils remaining at South Street to be made into a double grade there.

2. The Kindergarten could be closed at South Street and the first and second graders could be brought back to South Street without sending anyone out to Lacy. Those who could take care of the transportation could send their children to kindergarten at Home Street, provided there is room in the present kindergarten or there is sufficient to establish another.

3. If the two first grades at South Street were increased to 36 each, the first graders could be brought back without other changes being made.

The committee representing South Street school was composed of Mrs. S. P. Giunta, Tony Oriole, James Frantz, Mrs. Ross Carlson, Richard McClement, James Miller and Matthew Bova. Mr. McClement is chairman.

Supt. Whipple, who has already notified parents where their children are supposed to report for classes this term, needs ample time to send out supplementary notices so a full attendance is requested at Tuesday's meeting, that the choice of proposals may be made at once.

At the meeting Friday night, Supt. Whipple was asked which proposal he considered the most desirable and he replied that the third suggestion "will hurt the children least."

Full cooperation between the school directors and the parents' committee was evidenced at Friday's meeting.

### NEW YORK CENTRAL MEDIATION SHIFTED

New York (P)—Federal mediators, unable to win union acceptance of their plan to end a strike threat against the New York Central Railroad's Eastern lines, are shifting their conciliation efforts to top-level company-union talks in Washington tomorrow.

William White, president of the railroad, and the chiefs of three of the four railroad brotherhoods involved have accepted the government request for the Washington meeting.

The mediators moved for tomorrow's conference shortly after the unions last night rejected the plan for settlement of the two-year-old dispute over 58 grievances. Announcement of the union rejection followed a company statement of acceptance.

Details of the government plan, presented as a package, were not disclosed.

## Ohio Yegg Is Held For Slaying of Ball Fan at Williamsport

Williamsport (P)—A 32-year-old Ohioan was held on an open charge here today in connection with the slaying of a Little League baseball fan during a forced mid-night automobile ride.

Cpl. Leo J. Armbruster of the state police said Irvin Paul Goff, Akron, Ohio, would be charged later in the day with the fatal shooting of Raymond Smith, 19, Monongahela.

Smith and two companions were visiting Williamsport to attend the state finals of the Little League baseball tournament Saturday in which Monongahela defeated Hickory, 6-1.

Armbruster said Goff robbed the trio of \$15 in a parking lot behind their hotel and then forced them to take him for a long ride in their car. During the ride, Goff suddenly fired a bullet into the neck of Smith, the driver, Armbruster said.

### UNINFORMED VOTER IS DENOUNCED IN SPEECH

Mt. Carmel (P)—The uninformed voter is as useless as the polls as the voter who stays home, Robert E. Woodside, State Attorney General, told a homecoming crowd at nearby Gordon, Schuylkill County.

In a speech at a picnic Saturday Woodside made a plea for better informed voters.

"Careful thought and discriminating selection must accompany the casting of the ballot. It is the duty of every citizen to not only vote but to vote intelligently," he declared.

### BULLETINS

Harrisburg (P)—Four persons were killed in week end automobile accidents and a fifth died in a speedway crash in Central Pennsylvania.

Akron, O. (P)—The CIO United Workers struck the B. F. Goodrich Co. today but continued contract negotiations with the firm.

Belgrade, Yugoslavia (P)—Belgrade radio reported today Joseph Frank, member of the Czechoslovak Politburo, has been arrested.

Tehran, Iran (P)—Premier Mohammed Mossadeq, who has been running a high fever for the past couple of days, was reported "much improved" today.

Dover, England (P)—Abdel Monem, 27-year-old Cairo newspaperman, waded ashore in a downpour today after swimming the English Channel from France in 16 1/2 hours. This was almost six hours behind the record time. He was the fourth swimmer to conquer the channel this year.

Licq-Athery, France (P)—Dr. Andre Mairey was pulled safely to the surface today from the cave which claimed the life of French explorer Marcel Loubens.

## Sheriff and State Police Learn Very Little From Displaced Person in New York Retreat

Wassilij Gussew, the Czech displaced person who has figured in the disappearance of Mrs. Gordon F. Wells, has been located.

Sheriff L. E. Linder, Patrolman Paul Dell of the Pennsylvania State Police and a Russian interpreter whom they took with them to New York, have interviewed Gussew over the weekend.

The almost-disastrous trip made by the local trio to interview Gussew has divulged two things: Mrs. Wells did not join Gussew after he left Warren county nor has she been in touch with him since that time.

The three local men narrowly escaped serious injury or death, early Sunday, when the new Dodge car driven by Sheriff Linder was completely demolished in a six-car crash near Goshen, N. Y.

Aided by the New York State Police, Linder and Dell located Gussew at Village Cottage, N. Y., south of Poughkeepsie, at the Tolstoy Foundation, a retreat established by Madame Sophie Behrs Tolstoy, the famous Russian refugee.

Gussew talked freely. The Warren officers took their own interpreter with them in order that they might be positive they were getting the right answers.

Gussew said he left the Wells' summer home, "Hi Acres," on Robinson Hill, Tuesday, July 29, because Mrs. Wells told him it was best he go. He said he did not hear an alleged argument between Mr. and Mrs. Wells which is supposed to have ensued after Wells saw his wife and Gussew in an embrace.

In the interview, Gussew said she had an arm about his shoulders, telling him he should put on clean clothing because guests were expected.

Gussew said he knew Mrs. Wells was "very despondent."

He said he knew of the presence of two vials of strychnine in the Wells home, but did not know it was strychnine, simply as "awful poison." Wells said he discovered the strychnine gone when he discovered, Wednesday afternoon, July 30, that his wife had disappeared.

Gussew is now employed on the Tolstoy farm where many other Czech and Russian refugees are harbored. Sheriff Linder and Patrolman Dell checked his arrival there. It was in time for the evening meal on July 30, about 24 hours after he left Warren by bus. Gussew denied to Sheriff Linder (Turn to Page Eight)

### "Memorial Period" For Mine Workers

Washington (P)—The United Mine Workers' "memorial period" will have "no serious economic impact on the industry," a mine operators' spokesman said today.

Harry Moses, president of the Bituminous Coal Operators Association, said the shutdown from Aug. 23 to Sept. 1 will cost only five working days' output.

Stocks above ground were most recently estimated at 84 days' supply, equivalent to roughly nine weeks of production at the recent rate of mine operation.

John L. Lewis issued the call Saturday to pull his 475,000 soft coal and anthracite miners off the job for a contract-allowed period of mourning for victims of mine disasters. He said the shutdown was designed to persuade coal operators to improve safety conditions in the workings.

### Little Change in Local Situation Is Reported by Employment Service Office

David W. Levine, manager of the Pennsylvania State Employment Service, announced today that very little change in employment was reported by 49 local firms supplying data to the Pennsylvania State Employment Service. The manufacturing category indicated ten fewer persons on their payrolls than a month ago, while retail and wholesale firms indicated an increase of 22 employees. A local industrial plant is involved in a work stoppage; the 500 persons affected by this situation are classified as employed for the purposes of the release.

Mr. Levine stated that during the last week in July, 337 claims were filed for Unemployment Compensation. The comparable figure for a month ago was 281. There were 89 persons filing for benefits one year ago, while two years ago the figure was 289. The increase in claims can be attributed to the recent steel strike. However, the impact has reached its peak locally, and August should see a gradual decline in claims.

Currently there are 232 (128 females) persons registered for work at the local P.S.E.S. office. A number of these are expected to be recalled by former employers as soon as conditions warrant.

According to the local office manager, although no substantial change is expected in labor market conditions during the next 30 days, employment should rise gradually.

## Typhoon Over West Korea Accompanied By Torrential Rain

Seoul, Korea (P)—The center of a typhoon—with winds up to 100 miles an hour—hit Korea's West Coast today at Kunsan, 80 miles south of Seoul, and roared on across this peninsula toward the Sea of Japan.

There was no report of damage but the ship—wrecking storm brought torrential rains to all of South Korea. Four to five inches of rain were predicted for the battlefront tonight.

In Pusan, on the southeastern tip of the peninsula, 3 1/2 inches of rain fell and wind gusts up to 75 miles an hour lashed the area.

A U. S. Air Force weather expert said winds of 50 to 60 miles an hour would whip high exposed places on the battlefront.

Stiff winds buffeted Seoul but the storm's main force moved about 25 miles south of the city.

### Four Minor Auto Accidents In Borough Over The Weekend

City police report four automobile accidents over the weekend, only one of which was of a nature to require a report. No one was injured.

At 6 p. m. Friday, cars operated by Floyd J. Hepler, of Cheswick, and Charles L. Webster, 114 Water street, collided on Pennsylvania avenue west, with about \$125 damage. According to the report, Hepler was driving east and stopped to allow another car to make a left turn into the Blackman-Nash garage when his car was struck in the rear by the Webster car. Webster told police that the pavement was slippery from the rain and that he was unable to stop in time.

At 4:30 p. m. Saturday, cars operated by Joe F. Muscaro, 111 Pine street, and Mrs. Florence Church, Warren R. D. 1, collided near the Warren Bank and Trust Co. point in Pennsylvania avenue, west. Damage was minor. According to police, Muscaro was backing out of a parking space and struck the Church car in the side.

At 7:45 p. m. Saturday, another minor accident took place in the 400 block of Pennsylvania avenue, west. Police were called but the drivers settled their claims on the spot and no report was filed.

Shortly after midnight last night, a truck operated by Bert Johnson, 717 E. Fifth avenue, hit a telephone pole on Pennsylvania avenue west. Johnson told police that he climbed the curb with his truck to avoid striking two cars that were passing at the spot. Damage was small, police said.

Police also answered a myriad of calls over the weekend, mostly of a routine nature. However, this morning, officers are questioning a group of teenagers in connection with attempted theft of a car from the Werlin Motor Sales on Pennsylvania avenue, east, early Sunday.

Friday evening, police picked up a stray dog on Laurel street and confined him to the pound. A (Turn to Page Eight)

## New York Driver Dies Instantly In Crash Near Corry

A New York State motorist was killed instantly in a pre-dawn smashup early Saturday morning just east of the Erie county line, near Corry.

The dead motorist was identified as Charles Myron Peck, 67, of Elmhurst, N. Y. (Borough of Queens).

He died at 6:15 a. m., behind the steering wheel of his 1941 auto which was virtually demolished when it slammed into a large oak tree in front of the George Sekerak home on Route 6, one-half mile east of the Corry limits.

The scene of the crash was the same as one of two years ago when an auto swerved off the road, went between the two trees and smashed into a corner of the Sekerak home.

State Police said Peck apparently was traveling at a high rate of speed as his auto rounded the slight curve in the highway. On the wet pavement it went into a skid and careened off the road on the north side.

The auto careened off one large tree, smashed head-on into a second with the force of the impact hurling the vehicle 20 feet back into the middle of the highway.

Peck suffered a fractured skull, deep puncture wound of the nose, fracture of the left knee, fractured nose, deep laceration of the left arm and severe lacerations of the chest.

Deputy Coroner Robert Bracken of Corry, Erie county, investigated the fatality, with state police from the Corry barracks for the Warren county coroner, since the fatality occurred in this county.

The body was removed to the Bracken-Keating Funeral Home. The victim's widow, when contacted, said he was returning home alone from a visit with relatives in Ohio.

The body of Mr. Peck was sent to Hallett, Inc. Funeral Home in Flushing, N. Y. Burial will be made in Maple Grove Cemetery, New Gardens, N. Y., on Tuesday.

## Dads of Foreign Service Post Will Have Charter Night

At the recent meeting of the Dads of Foreign Service Veterans club, it was announced that in addition to the charter presentation meeting September 7 the local post has been selected as host to the next Department meeting which is to be held at the same time.

There will be delegates from nine posts at this meeting and it is considered a high honor for the local Post to be selected for the meeting, considering it has been in existence only about five months. President Dad Ray Weigle appointed a committee to make all the necessary arrangements to entertain the distinguished guests on that date.

Dad Art Dickinson was elected the local delegate to represent Post No. 119 at the annual convention in Kalamazoo, Mich., Sept. 23 to 26.

## Payments for Road Building in State Set a New Record

Harrisburg—Despite steel and kindred strikes, the Pennsylvania Department of Highways today disclosed that it had established a new all-time record for construction expenditures in July, as well as during the first seven months of this year, E. L. Schmidt, Secretary of Highways announced today.

The total construction expenditures for the year to August 1 were \$48,607,000 in comparison with the previous high of \$46,644,000 established in 1950.

Total expenditures from the Motor License Fund likewise reached a new high of \$86,392,000 for the seven-month period as contrasted with the previous record of \$79,098,000 established in 1951.

Favored by unusually good weather in July, construction expenditures went to \$13,448,000 last month. This surpassed the earlier high mark of \$11,350,000 made in 1948.

Total expenditures in July of this year were \$18,621,000 as compared with the previous record of \$15,704,000 in 1948.

"The achievement is more remarkable because of the steel strike of two months which curtailed not only bridge and highway steel deliveries but cement, stone and slag from plants of the steel companies," Schmidt declared.

"Also the equipment operators strike in the Philadelphia district held up work on \$17,000,000 in construction contracts. But, somehow, despite all these difficulties, our contractors and Department forces combined to create a new State highway construction record during these seven months. We should be grateful to them for bringing immeasurable benefits, earlier than expected, to highway users of this Commonwealth."

Although effects of the steel strike will be particularly apparent in August, September and October and probably for the balance of this year, Schmidt expects the year as a whole to compare favorably with the Highway Department's best previous construction performance.

#### FATALITY ON ROUTE 20

An Erie truck driver was fatally burned and another man seriously injured in separate truck-auto collisions on Route 20 near Fredonia over the weekend. Raymond Testi, 30, of Buffalo Road, Erie, who died at 4 p. m. Sunday in Brooks Memorial Hospital, Dunkirk, became Chautauque County's 18th traffic fatality of the year. In serious condition at the same hospital is Clarence Tangel, 27, of 145 Prospect street, Fredonia, with a head injury and a fractured arm. The Erie driver received first, second and third degree burns over his entire body when his truck burst into flames after it struck a car on Route 20 at Farrell avenue, two miles west of Fredonia, just before 7 p. m. Saturday. Testi, driving his steel-loaded truck behind Markin, struck the auto in the rear, swerved and hit a tree on the right side of the highway, dragging Markin's car along. Both the truck and the car went up in flames as the truck's gas tank exploded. Markin, however, was able to jump clear.

#### NAVY CALLS DOCTOR

Dr. R. N. Ricketts, Oil City physician, has been ordered by the Navy to report for active service at the Naval Hospital, Bainbridge, Md., on Oct. 1. He holds the rank of lieutenant (jg). Dr. Ricketts served for six months during World War II.

#### RUN OVER BY CAR

Jamestown Sun: Thirteen-month-old Linda M. Johnson, of 296 Barrows Street, run over by a car driven by her grandfather shortly before 1 p. m. Sunday, is in critical condition at WCA Hospital with a punctured right lung. The right front wheel of a car driven by Arthur J. Johnson, 57, of 144 Thayer street, passed over the child's chest, police said. According to officers who investigated, Linda's mother, Mrs. Richard Johnson, stepped from Johnson's car in the driveway of the Thayer street home and placed her on the ground. The youngster wandered in front of the car as her grandfather started the machine toward the garage.

## Picnic Is Enjoyed By Dairymen's League

S. K. Rodenhurst, Theresa, N. Y., director of District 10 of the Dairymen's League Co-Operative Association, Inc., spoke to about 175 people comprising members, their families and guests at the annual picnic of Sub-district 17-A at School Park, Jamestown, N. Y., on August 14, 1952.

Mr. Rodenhurst compared dairy farming in this country with some of the countries of Europe and Asia. He also gave statistics showing that farmers received about one-half of the price paid by consumers for milk, the rest going for transportation and distribution.

A. M. Cheney, Bemus Point, N. Y., awarded some special prizes. A sports program was carried on by the Young Co-operators of the Sub-District.

There are about 14 to 18 square feet of skin on the average adult human body.

**IF WE HONESTLY BELIEVE IN LIBERTY, WE MUST UNDERSTAND  
AND INSIST ON THIS MORAL PURPOSE FOR OUR GOVERNMENT!**

**E**VERY INDIVIDUAL has certain natural rights — the right to LIFE, the right to LIBERTY, the right to earn and use PROPERTY as he pleases. We call these rights "natural" because they are God-given. Would God have created each individual with different abilities and preferences if these differences were not to be expressed freely? And isn't property an extension of the different talents and abilities with which individuals are born? Thus these natural rights are supremely important and individuals have the right to defend them from the interference of other individuals — even by using force if that is necessary.

So men create a common force — a government — to protect their individual God-given rights at all times. Therefore, the moral purpose of government is this:

**"TO MAKE AND ENFORCE LAWS WHICH PROTECT EVERY INDIVIDUAL'S GOD-GIVEN LIFE, LIBERTY AND PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR GROUP — AND THESE LAWS MUST ALSO PROTECT THE PEOPLE FROM GOVERNMENT ITSELF."**

Government must use force to protect the rights of its citizens effectively. So while government is a necessity, it is at the same time dangerous. The danger is that government may use its power to take away the rights of citizens, by depriving them of their liberty or by forcing them to do things with their property that they would not do voluntarily. When this happens the original moral purpose of government is perverted and government becomes immoral.

## NATIONAL PARTY PRIMARIES

There's considerable talk in the country today about devising a simpler, more direct, more truly representative way of choosing our Presidents.

Some people want to abolish the electoral college, some want to abolish the national conventions, some would do away with both.

Roscoe Drummond, writing in The Christian Science Monitor, presents still a third idea, and it deserves attention.

He points out that as things now stand only 16 of the 48 states have presidential preferential primaries. Which means that about 60 million citizens have no direct voice at all in choosing their parties' presidential nominees.

That, in turn, means that a minority of states and a minority of voters have an undeservedly big voice in the nominations. That's because of the psychological influence which attaches to this relatively small slice of voters and states as being the best available cross section of opinion.

So what Drummond and others advocate is a national advisory presidential primary, with all states participating and all eligible voters represented.

That sort of a primary set-up would certainly leave the national conventions in no doubt whatsoever as to what candidates the voters favored. As things are, doubt seems to be what there's the most of.

Drummond questions, for instance, whether Eisenhower would have beaten Taft in a national Republican primary. He's not sure that Stevenson would have won out over Kefauver in a contest determined entirely by all Democratic voters.

Drummond believes national primaries should be only advisory, to begin with, until they have proved their worth. It might turn out, for instance, that not enough people would vote in such primaries to give them authority and real representativeness.

Perhaps Congress should go outside its own halls and select a commission to make an impartial survey on the problem. Already, despite the urging of 53 Democratic congressmen to sponsor a national primary, the move was blocked by some of the older professional politicians on the Resolutions Committee.

But the Democrats have recognized the existence of the problem. In fact they said this about it in their national platform:

We recommend that Congress provide for a non-partisan study of possible improvements in the methods of nominating and electing Presidents and in the laws relating to the presidential succession. Special attention should be given to the problem of assuring the widest possible public participation in presidential nominations."

## TEETH IN WATER PURITY PROGRAM

Wade Jones, who writes editorials for NEA Service, Inc., one of the Times-Mirror syndicates, has prepared the following interesting article regarding fluoridation of water to reduce tooth decay among school children:

Every time we hear a piece of news like the following from one part of the country, we're surprised, and a little dismayed, that we don't get the same news from lots of other places.

The city of Newburgh, N. Y., reports that tooth decay among its children has dropped 47 per cent by fluoridation of the water supply.

The decline occurred during the period from 1944 to the middle of the year, after one part of fluoride was added to each million parts of water.

And the important thing is that the New York state health commissioner reports "absolutely no harmful effects from drinking fluoridated water."

Any adult who himself has suffered from tooth decay would go to considerable lengths to spare his children from the same costly discomfort.

The extent of tooth decay in this country is well illustrated by the high number of men turned down for military service because of it.

Now we have a means of fighting it which is simplicity itself, and cheap. The cost for a city the size of New York would be only about \$800,000. And there are about seven million people living there.

There seems to be little reason why any community in the country can't at least consider the matter to the extent of rounding up all the facts necessary to an informed decision.

## "You're Kicking In to My Fund, Too, Ain'tcha, Chum?"

## Here And There

The reunion of the Moose Baseball team of 1938, recalls the eventful time Warren had back on that day and evening of July 25, 1938, proclaimed as "Honus Wagner" day in honor of the visit here of the great "Flying Dutchman" who made baseball history after getting his start with the Warren team of the Iron and Oil League. Joe Gardner, as usual, was the inspiration back of the idea to bring Wagner and the Pirates to Warren for a game with the Moose, which incidentally was won by the locals by a score of 6 to 3, in a contest played at old Russell Field and witnessed by about 2,000 fans.

It was our pleasure to help promote the affair, along with Joe and some of the other boosters on that day, and for that reason it is quite interesting to review some of the highlights of the visit.

One of the items that appeared in the "Sports Mirror" column of the paper two days after the game, and one we like to repeat so that the legend will not be forgotten, follows.

Did you ever hear how Honus Wagner got his first chance to play ball in Warren? During his visit, Honus told many of his

friends just how he broke into the lineup at shortstop. It seems that Claude Ritchey was managing the team at the time and playing shortstop. The fact that Ritchey was a very good shortstop, as well as the manager, made it almost impossible for the young recruit to get a chance. Some of the boys on the Warren team decided that Wagner should be given a chance to show his wares. Knowing Ritchey liked to have a good time, a few of the players took him out and, as Wagner expressed it, "got him tired out." As a result, Ritchey was unable to play the next day and Honus became the shortstop. After that Ritchey moved over to second base.

The presence of the Pirates and Honus Wagner attracted notable and fans from far and near. Of the old friends whom Wagner greeted while in town, many have passed away. There were for instance Mrs. Claude Ritchey, Attorney W. H. Allen, Mrs. Carrie Franklin and "Dick" Schumacher. It was noted that George Pedlow came up from Kittanning and Bill Mischler was here from Pittsburgh.

## New List Bans 500 Materials From Trade to Communists

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON—(NEA)—Amendments to the list of strategic items to be banned for shipment to Soviet Russia and its satellite countries will be announced within the next month.

It will increase the number of banned materials from the original 313 to nearly 500. And thus will the net be drawn tighter by the 61 cooperating non-Communist countries to choke off the Soviet bloc's war-making potential.

The full list is of course too long for presentation here. In broad categories, however, it now covers all munitions, everything used in the production of atomic energy, metal-working machinery, chemical and petroleum producing and refining equipment, electric power generating equipment, general industrial equipment, transportation equipment, electronic and precision instruments, and strategic metals.

These lists are made public by main headings. Soviet purchasing agents know all the categories of military supply items which they must cross off their open shopping lists and try to procure only by smuggling or on the black market.

TASK forces of U. S. government experts and engineers from American private industry are working constantly to revise the list of strategic items they would keep from the Soviet. But the ban is not complete.

If this were a hot war, the compiling of a list of articles banned for trade would be easy. It would include everything. This was the rule applied by the U. S. Board of Economic Warfare in the war against Germany and Japan. And there was no regard for costs.

But in this present cold war, there is no desire to cut off all trade with the Communist countries. Some trade between East and West Europe is considered necessary to promote western European recovery. Shipments of goods from European countries to Soviet bloc countries, made in accordance with trade agreements in effect before the embargo on strategic materials were put into effect, also have to be allowed to go through.

That was the rule that had to be applied in the case of the Danish tanker recently delivered to the Soviet Union. It had been ordered in 1946, before the North Atlantic Treaty Organization was set up. Money had been paid by the Soviet on the contract.

WHILE the U. S. tried to persuade the Danish government not to make delivery, the Danes felt they had to live up to their contract. The only alternative might have been for the U. S. to buy the tanker, and it didn't particularly want it. So the Danes made delivery and President Truman ruled that Denmark should not be barred from receiving further U. S. aid, as provided for in the Battle Act.

Often the determining factor for the United States in trying to break up trade between a European country and the Soviet has been whether it should have the American taxpayers provide the commodities which the western European countries would be deprived of in exchange.

Over the long haul, it isn't such a tremendous amount of trade between East and West that has to be blocked. Estimates put the figure at less than a billion dollars a year. But it's a tremendously important billion dollars worth.

When the Russians called their Moscow trade conference last year, they had a reason. The allied strategic list of banned exports to Russia was having its effect. And the Communies wanted to let out some propaganda dreams against it.

Warren players who participated in the game were: Joe Massa, Creola, Maury, Gelgerich, Wolfe, Morrison, Rosequist, Steve Massa, Rudolph, Johnson, Moore, Gagliardi, Hines, Jeanerette and Gilson. Manager Pie Traynor used his first team lineup against Warren, including Handley, Traynor, L. Wanner, Jensen, Paul Wanner, Sewell, Suhr, Berres, Rizzo, Dickshot, Vaughan, Brubaker, Young, Theyenow, Mize, Gooch and Lipscomb.

Terse, Tart and Timely: Our World Series friend Emmet Jennings, of Tucuman, N. M., sent us an interesting postcard from Tombstone, Ariz., under date of August 11th, which might mean he's already on his way east for the big classics. Among fans from Warren who enjoyed the Indians' 4-3 victory over the White Sox at the Cleveland Stadium Saturday afternoon, (during the electric storms in Warren) were Dr. Wayne Helmbricht, son Dick, Creed Erickson, son Ed, ye editor, son Ed, Dr. Jack Wolford, and Gene Cease, the State Hospital staff. The Erie Vets semi-pro team is working out under Coach Lou Tullio. Over at Corry they have it figured out that it costs about \$200 to outfit each member of the High School Varsity squad. A field day and picnic for Northwestern Pennsylvania potato growers, sponsored by the Erie County Agricultural Extension Association will be held Friday at the Al Miles farm, two miles south of Fairview. Mrs. Eleanor Ritchey writes us from Fort Lauderdale, Fla., that her mother, Mrs. Sophie Ritchey, former Warren resident, whose birthday August 4, was mentioned in this column, received a number of greetings from Warren, one of which was from Mrs. Lucy Thomas, from whom she had not heard in a long time; she received over 100 cards from all over the United States. Ideal August weather attracted hundreds to Cooks Forest, Sunday in addition to the 250 Bishop's Men of the Erie diocese of the Episcopal church. Kennedy Thom, the foreign student from England, visiting the Warren area this summer, moved into the home of a Sheffield family over the weekend. The Williams Independent Band has been granted use of the Pleasant Township Fire hall for practice sessions—Nice gesture!

## Vote Campaign Is Being Waged By the V. F. W. of Penn'a

Harrisburg — Hugh H. Hoke, Schuylkill Haven, state commander of the Veterans of Foreign Wars, appealed to the more than 2,000,000 unregistered Pennsylvanians to register now to be eligible to vote in the November elections. One out of every three adults in the state is not registered, he said.

Citizens can register at their county court house up to September 13. Persons who changed their name by marriage or other reason or changed address and those reaching legal voting age, must register or will be denied the privilege of voting.

The VFW leader in opening his organization's state-wide non-partisan campaign to arouse interest in voting, urged Pennsylvanians to register and fulfill one of the most

## KNOW YOUR STATE

(Prepared for The Times-Mirror by the State Planning Board, Department of Commerce)

### FOR THE SWEET TOOTH OF THE NATION

Pennsylvania should be the children's favorite state because of the high position it occupies in practically every industry which appeals to the sweet tooth of the Nation, the State Planning Board of the Pennsylvania Department of Commerce points out. Our Commonwealth is one of the leading refiners of cane sugar, producing in a typical year more than 837,000 tons of that product valued at \$132,604,000 and, in addition, more than four and one-half million dollars worth of molasses and cane syrup.

Pennsylvania ranks second in the United States in the production of confectionery and chocolate products. In 1950, its manufacturers sold 149,000 tons of candy valued at nearly 100 million dollars and, in addition, \$171,522,000 worth of chocolate and cocoa products. Pennsylvania candy and chocolate are known throughout the entire civilized world.

Pennsylvania's busy bees (150,000 colonies of them) produce every year from six to seven million pounds of honey. Pennsylvania is fourth among the states in the production of maple syrup and third in its output of maple sugar. From our groves of maple trees in an average year come nearly 100,000 gallons of syrup and many thousands of pounds of sugar. The sugar, honey, maple syrup and other sweet products are not all sold in grocery or candy stores—they also have important uses in medicine, in industry and in the arts. Cough drops, sugared honeyed, have soothed many a husky throat; honey has been used to cure the bowels of pipes, and maple sugar to supply a distinctive flavor to tobacco, while molasses has been at times sprinkled upon the surface of dirt or macadam roads to lay the dust.

More important than such prosaic uses of sugar and honey is the fact that Pennsylvania, in addition to using the products of its own sugar refineries in the making of confectionery, also leads the nation in its output of America's favorite dessert—ice cream.

important functions of citizenship. Hoke said: "Most of us are appalled by these revealing facts: According to Dr. Albert Bailey, director of the Office of Statistics and records of the State Department of Health, there were 6,988,643 persons more than 21 years old in Pennsylvania in 1950. "In that year, with the Governor's office at stake, while 4,761,660 persons were registered in both political parties, according to Secretary of State Gene Smith, 1,247,184 failed to vote after registering."

## VETERANS' INFORMATION

Questions and Answers for Korean Vets

By DOUGLAS LARSEN  
NEA Staff Correspondent

Washington—(NEA)—Q. When do unemployment benefits become available to Korean veterans?

A. For the week of unemployment which comes after Oct. 14.

A. Veterans who were discharged prior to July 16, 1952, are not affected by mustering-out payments, since no benefits are payable under the act for 90 days after that date. Veterans eligible for \$100 mustering-out pay must wait until 30 days following their discharge; those eligible for \$200 must wait 60 days; and those eligible for \$300 must wait 90 days. The 30, 60 or 90 days begin with the date of the discharge.

Q. Just how much unemployment compensation does a Korean vet have coming to him?

A. The total benefit is \$676. For total unemployment this can be \$26 a week for 26 weeks. Benefits will be payable for weeks of less than full-time work. Earnings for less than full-time work and other deductible income under the State law will be used in determining the amount to be paid for any week.

Q. Under what special conditions are otherwise-qualified vets not eligible for unemployment money?

A. Vets are not eligible for unemployment compensation pay (1) while in training under either the new or old GI bill; (2) while drawing additional compensation for maintenance under the Federal Employees Compensation Act, or (3) while eligible for any other form of Federal or State unemployment compensation payments of at least \$26 a week.

## Hal Boyle's Comment

By RELMAN MORIN

For HAL BOYLE

New York (AP)—Katherine Toule is one of those women who make you look twice, even when the bride is hanging on your arm. She is tall, slim, grey-haired and handsome. Her eyes are blue, cool and appraising. Being feminine to

her finger tips, she seldom mentions her several university degrees nor what she has been doing the past seven or eight years.

In large part, this has been to act as a walking advertisement for the Marines.

She is a colonel in the corps, director of the Women Marines.

They announced the other day that she will retire next year to become the dean of women at the

University of California. That's her alma mater. She comes from Toule, Calif., a town founded by her grandfather.

The colonel, however, is still sold on the armed services as a career for women.

There are 2,600 women marines now. Their equivalent of "boot

camp" lasts six weeks, and then they go on to greener fields. They have some latitude of choice.

It's amazing what those six weeks do for a girl.

Their day starts at 5 a. m. and brother, for the next 14 hours, they labor! They get discipline and they learn manners. You may have noticed that the average woman in uniform is at home in almost any company. They learn how to walk and talk, and how to be as completely self-reliant as any of us ever can be.

The Marines lay before them a future, in terms of education, and even a career if that's what they want.

### Zonta Members To Have Dinner For District Governor

Zonta Club members, holding their regular luncheon-meeting at the YWCA activities building, made plans for the next dinner-meeting, when the district governor, Bertha Fox of Buffalo, N. Y., will be the special guest of the group. The affair will be held Thursday, August 28, at 4:30 p. m. Fifteen members were present for the session, which was arranged by Isabelle Beck and Mary Topper. Reports of the various committees were presented and an invitation was extended from the Rochester, N. Y., club to an inter-city dinner party and salute to the new international president, Edwina Hagadone. The dinner will take place Saturday, September 13, at 6:30 p. m. in the Hotel Seneca, 26 Clinton avenue, south, Rochester.

A letter was read from Dr. Greta Hammersten, vice president of the Zonta Club of Stockholm, Sweden, and announcement was made of the District IV conference to be held in Erie, October 18-19.

### September Bride Is Shower Guest

Bettie Weldert, who has chosen Saturday, September 6, for her marriage to Richard Sharp was honored guest for a miscellaneous shower given by Miss Imogene Ditz, Mrs. Leo Weldert and Mrs. Dale Winchester at 305 Beech street.

Several games were enjoyed, with prizes going to the Misses Minnie Jean Bonavita, Bertha Giegerich, Mrs. P. T. Hieterman, Mrs. Robert McCoy, Mrs. Paul Mota and Mrs. Frank Bonavita.

The bride-elect was presented with many lovely gifts for her new home from the many relatives and friends, after which refreshments were served. Guests were present from Clarendon, Sheffield, Fryburg, Warren and West Virginia.

#### VALLEY MEETINGS

Special events scheduled this week by the Clarendon Valley Evangelical United Brethren church include a party to be held at 8:00 p. m. Tuesday at the home of the Rev. and Mrs. Wayne Rothwell by the Win One and Young Married Couples class. Ladies Aid meeting at the home of Mrs. John Crowl on Wednesday, with dinner served at 12:30 o'clock; and the regular prayer meeting at 8:00 p. m. Thursday.

Mrs. William Weiss, Jr.

Baskets of white gladioli decorated the altars of Holy Redeemer church Saturday morning for the wedding of Irene Ziki, daughter of Mrs. Esther Ziki, 109 Dartmouth street, and William Weiss, Jr., son of Mr. and Mrs. William Weiss, Sr., 351 Newburgh street, Buffalo, N. Y.

The nuptial mass was sung at 10:00 a. m. by Father M. E. Dailey, with music for the double ring ceremony provided by Mrs. Thomas Donnelly, organist, and Mrs. Charles Armstrong, vocalist.

Escorted and given in marriage by her father, Michael Ziki, the bride wore a lovely gown of ivory nylon tulle over satin, fashioned on bouffant lines. The bodice was appliqued with lilies of the valley, with the same motif scattered at intervals over the entire gown. Her fingertip veil of illusion was held by a crown of matching flowers and her bouquet was a cascade arrangement of white rubrum lilies.

Olga Ziki, Buffalo, N. Y., was her sister's only attendant. Her mint green marquisette gown was featured self-ruching at the neck, featured self-ruching at the neckline and bodice. She also wore matching gauntlets and calot headress, and carried a cascade bouquet which matched the bride's.

### Visiting Golfers Are Entertained

The women golfers of the Coney Valley Country Club entertained the Northwestern Women's Golf Association Friday, with Mrs. Harold Smith, Mrs. Grace Siegfried and Mrs. Paul Stewart acting as the official hostesses.

Mrs. John Haskell of Titusville shot the low gross of 77 for the field and Mrs. Jack Hansen posted the least number of putts with a 16.

Low net prizes were awarded to Mrs. W. O. Lawson for her 60 and to Mrs. R. C. Jarecki of Kahkwa in the first division. Second division prizes were won by Mrs. Dudley Wroth, Kahkwa, 74; Miss Carol Miller, Kahkwa, 79, and a three-way tie, Mrs. M. L. Hoy, Wanango, Miss Mary Branch and Mrs. Robert Walsh with 81. Mrs. George Baldwin, Kahkwa, was the winner in the nine-hole division.

The next Northwestern Association tournament has been scheduled at Greenville on August 22.

#### PARK REUNION

The 11th annual reunion of the Park family was held at Midway Park on Lake Chautauqua, attended by 75 persons from Bradford, Russell, Kinzua, Akeley, Warren, North Warren and Clarendon.

President Charles Knapp conducted the business session, with the same officers reelected for another year: President, Mr. Knapp; vice president, Fred Park; secretary-treasurer, Laura Park; historian, Alice Bean. Named as the location committee were Clifford Park and Norman Bauer; as refreshments committee, Mr. and Mrs. Forest Bainbridge, Mr. and Mrs. Ed Jackson. Following dinner, the young folks enjoyed swimming, boating and skating.

#### SHOWER HONORS

MARY LOU HIBNER Mary Lou Hibner, bride-elect, was honored guest for a personal shower given at the home of Mrs. E. B. Anderson by Bernice Kiffer, Marjorie Schirck and Mrs. Anderson.

Games were enjoyed, with prizes won by Mrs. K. T. Romig, Mrs. R. Garrison and Mrs. H. Blick. A buffet luncheon was served from a table decorated in pink, yellow and white, with a bridal party surrounded by summer flowers. The honored one received many lovely gifts.

#### REBEKAH LODGE

PLANNING SESSIONS Lady Warren Rebekah Lodge will meet at 7:30 p. m. Friday and all officers are asked to be present for practice for the district meeting on Saturday. Local members are also reminded that reservations for the Saturday banquet must be made no later than Thursday.

Saturday's meeting will get underway at 2:00 p. m., with the banquet at 6:00. At 7:00, the Past Grand Degree will be conferred, and any past grand wishing to receive this degree is asked to bring her certificate. At eight o'clock, the Lady Drake degree staff of Titusville will initiate a class of candidates.

#### AT GRACE CHURCH

The study of the 73rd Psalm will be taken up at the regular mid-week prayer service at Grace Methodist church at 7:30 p. m. Wednesday.

Members of the parish are keeping schedules clear and looking ahead to what is described as "an intensive period of spiritual emphasis" September 23 to October 12, when the Rev. Joseph Brookshire and his evangelistic party will be heard.

#### MARTHA SOCIETY

Martha Society members of Emanuel Evangelical and Reformed church will be entertained at eight o'clock this evening at the home of Mrs. Pearl Flick, 14 Park street, instead of at the Rockhill home, as was previously announced on the Frid Y Church Page.

Only the Serene and Happy Stay Young in Middle Years

THE middle-aged woman, shopping for a dress, kept turning thumbs down on first one style and then another with the critical verdict that "It's too old."

And yet as she chatted with her companion and gave impatient instructions to the saleswoman, she was wearing an expression that aged her more than any dress possibly could. It was an expression of discontent.

No matter how flattering her hair-do and make-up, how becoming her hats and slenderizing her dresses, that woman will never look younger unless she loses that expression of discontent.

It is the most aging thing any woman can wear. Yet you see it most often on those women who work the hardest to stay young and set the most store by youth.

TRYING TO BE YOUNG AGES WOMEN

THEY'LL go to any lengths to try to look young and never even realize that their own dissatisfaction with life is what really makes them look old.

It isn't that their lives are harder than the lives of other women. Often the discontented woman actually has an easy life.

But such women dwell on the things that make them discontented rather than brushing them aside and enjoying what they have.

Because they think and talk so much about life's minor irritations they soon have faces that are marked by discontent.

And there is no magic make-up that can cover a look of discontent; no clothes, however beautiful, that can overshadow it.

So it is always a little pathetic to see a woman trying to look young with a discontented face spoiling her best efforts.

**IS IT TRUE WHAT THEY SAY ABOUT DIXIE?** Yes, suh! It is true what they say about the famous Dixie Division Band, to be seen and heard in Warren this coming Friday night. Dressed in their distinctive Confederate gray uniforms, the Dixie bandmen will put on the kind of show which has made it one of the finest bands in the service. Pleasing to the eye as well as to the ear, the bandmen will be wearing those snappy, colorful outfits which consist of gray uniforms with yellow piping on the trousers and yellow epaulets. Red braid on the left arm, realistic Confederate-style caps, white gloves and leggings complete the outfit. Modeling are three "Yankee Rebels," all from New York: Left to right, Pfc. Herman L. Goldberg, Pfc. Richard Fiume and Pfc. Richard Herzhauer. The band will parade in downtown Warren at 6 p. m. Friday, Aug. 22, and will give a public concert at War Memorial Field at 9:15 p. m. The Dixie Band is being brought here by the Junior Chamber of Commerce and will arrive Thursday night and leave for the American Legion convention in New York early Saturday.

BORO COUNCIL HOLDS A SPECIAL MEETING

Borough Council has been called into special session at 5:15 p. m. today in order to give its approval to the plan of Joe Hardy to use poles of the Bell Telephone company, and to cross borough trees, with his piped-in television line.  
Some sort of permission must come from Council in order that Hardy's bond can be cleared, and it is hoped to accomplish this by means of a motion at today's meeting.  
Hardy's line has been brought to the borough limits at a point near the DeForest residence in upper Liberty street, and was tried out there recently in the open with good reception.

Bishop's Men Hold Large Gathering At Cook's Forest

Over 250 representing most of the churches in the Erie diocese of the Protestant Episcopal church attended the annual dinner and meeting of the Bishop's Men held in the shelter house at Cook's Forest Sunday afternoon, with the Rt. Rev. William Crittenden, new bishop, delivering the principal address.

W. E. Rice, resident of the Bishop's Men of the diocese, was in charge of the meeting. Before presenting Bishop Crittenden he spoke in high praise of the large attendance, and expressed his appreciation for the excellent cooperation received from the district chairmen and the key men in the parishes in helping to promote the work of the group. He also mentioned fine assistance from the clergy in general and Dr. Thomas Small, of Oil City in particular, for his enthusiasm in helping to keep interest alive when the diocese was without a bishop.

Mr. Rice spoke about the annual meeting of the Bishop's men at Cambridge Springs next May. He said that it was possible the constitution would be adopted so as to permit each parish to be represented by a key man and assistant. He spoke of the projects sponsored by the Men, including underwriting of the cost of the Youth Camp and payment of a small deficit. Glass banks were discussed at some length, the speaker urging that corporate communications be planned for Advent Sunday, when banks should be distributed. Bob Dunham, Warren, secretary of the standing committee, and Robert Waugaman, Erie, treasurer, were introduced.

Bishop Crittenden, introduced by Mr. Rice, was loud in his praise of the services performed by the Men, remarking that he came from a diocese in Ohio where he thought men were active, but he found there is no comparison with the group he was meeting with. He said he had no list of carefully prepared objectives for the Men to help carry out.

The bishop mentioned as three problems created by enemies of man that provide a challenge for churchmen—secularism, socialism and sin. A definite answer to secularism, he said, "was a reaffirmation of the Christian doctrine of God; the answer to socialism, the reaffirmation of the Christian doctrine of man," and the answer to sin, he said, "is very simple, the reaffirmation of the part of the church in real holiness."

Specific objectives mentioned by the Bishop as projects for the Men to consider were a conference center, where church groups may meet for recreation, education, etc., a parish at Clarion, and some kind of a Memorial Homes Foundation. He concluded by reminding the Men that the diocese is just "coming of age and there is no reason why we can't have one of the greatest little dioceses in the American church."

Present from Warren were: The Rev. Beecher M. Rutledge, W. E. Rice, R. E. Dunham, William Horn, Richard Smith, Robert Welland, Jay Pees, Howard Lemmon, G. W. Ensworth, E. K. DeLong, J. H. Alexander, Max Saunders, Carlton Gay, Ed S. Lowrey and Ed C. Lowrey.  
From Youngsville were the following: The Rev. William Chamberlain, George E. Smith, Clifford Sample, M. V. Mills, Ray Webber and Robert Spencer, Jr. Lester Sheldon was present from St. Luke's parish in Kinzua.  
Trinity parish, New Castle, had the record attendance with 51 present. Smethport second with

20, and Warren third with 15. In addition to these churches delegations were present from Corry, Erie, North Girard, Fairview, Lawrence Park, North East, Waterford, Union City, Foxburg, Franklin, Titusville, Farrell, Greenville, Grove City, Bradford, Eldred, Smethport, Youngsville, Emporium, Kane, Brookville, Clearfield, DuBois, Ridgway, St. Marys, Johnsonburg and Punxsutawney.

Soft Lines Fall News

By GAILE DUGAS, NEA Woman's Editor

**NEW YORK—(NEA)—**The stress placed upon softer lines in fall fashions means, of course, that there's a new softness in fabrics. To interpret the softer silhouette, designers have turned to softer fabrics. Thus, we'll see much of the chiffon woolsens, either wovens or knit. This includes chiffon tweed, since tweed is always with us in some form, come autumn. Similarly, tweed is developed in the fluid, readily molded fabric called tweed jersey. Such tweeds are equally at home in town or country, are readily teamed with the sophistication of black velvet or black suede.

Dress in tweed jersey (left) by Eisenberg has full, gathered skirt with slot hip pockets. There's a dolman cut for the sleeves, which are cuffed in the black velvet used for the vestee and the roll collar with deep V neckline. Wide belt is in velvet, too.

Chiffon tweed is used (right) by this same designer for a dress that buttons down the front. Dolman sleeves and just below the elbow. Soft fullness is achieved through two loose panels with slash pockets that begin at the neckline, are belted in by black suede, and fly out from the waistline.

## Six Are Treated At Hospital Following 2 Motor Accidents

Six persons received treatment at Warren General Hospital over the weekend with one being admitted, following two automobile accidents on Route 6 to Starbuck. None was injured seriously.

At 11:20 p. m. Saturday, at the Lily Pond crossing west of Warren, a car operated by Jerome Kreckel, of Johnsonburg, traveling west, missed the double curve at that point and struck the guard rails. Kreckel and a passenger, Jack Bryington, also of Johnsonburg, were taken to the hospital where Kreckel was X-rayed for possible fractures, and Bryington was treated for a laceration of the forehead. Both were discharged. State police, who investigated, said that damage to Kreckel's car was estimated at \$400.

Yesterday, at 2:35 p. m., a two car accident at the intersection of Route 6 and the Yankee Bush road in Starbuck hospitalized four persons. Mrs. Margaret Whitton, of Buffalo, the operator of one car, sustained a fracture of the left knee and was admitted. She is being transferred to Buffalo today.

John Pastor, a passenger in the Whitton car, sustained a fracture of the right shoulder and scalp lacerations requiring four sutures. Mrs. Gertrude Pastor, another passenger, received treatment for a laceration of the right elbow. All three were brought to the hospital in the Lutz-VerMilyea ambulance, and the Pastors were discharged after treatment.

Tom Gray, Warren RD 3, driver of the other car involved, was treated at the hospital for head injuries.

State police said that the accident occurred when Gray was about to enter Route 6 from the Yankee Bush road and struck the Whitton car, going west. Gray told police that he attempted to stop for the stop sign, but that the brakes on his car failed to hold.

Damage was estimated at \$200 to Gray's car, and about \$800 to the Buffalo car.

## Reunion of Moose Team Much Enjoyed

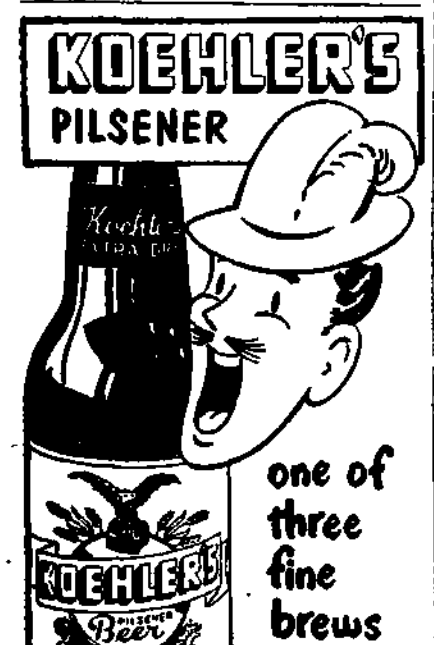

Although their game with the Sunset League All-Stars was rained out both Friday and Saturday, the famed 1952 Moose baseball team members still had their get together and had a grand time talking over old times.

The reunion of the oldsters was originally scheduled to take place following the game Friday out at Steve Massa's camp at Chapman Dam, but when the contest was rescheduled for Saturday the reunion was moved ahead with it.

Although a few of the boys who came had to leave early Saturday evening, there was a fine turnout and many moments of that outstanding year were brought to mind.

Present were Nick Creola, Fred Gagliardi, Elmo Wolfe, "X" Murry, Gerry Archibald, Harry Rosequist, Art Johnson, Steve Petrowski, Joe Brindis, Emmy Morrison, Harry Mintzer, Don Jeannerette, Diz Hines, Steve Massa, Joe Massa, and Gerry Geigerich, who came in unexpectedly.

The establishment of a livestock diagnostic laboratory in Western Pennsylvania and a livestock research laboratory to be established at State College will be the subjects of the meeting of poultry growers and livestock men which is scheduled to be held at 8 p. m. Wednesday in the auditorium of the Butler Junior High School.

The meeting, sponsored by the Pennsylvania Poultry Federation, will be addressed by Miles Horst, state secretary of agriculture. The state legislature has appropriated \$60,000 to establish regional livestock disease diagnostic laboratories. The first proposed laboratory may be established at Coatesville or Doylestown. The second will probably be located at State College.

Since funds are available for a third laboratory, it is possible that it will be established in Western Pennsylvania or in the northeastern part of the state.

A meeting in Northeastern Pennsylvania was attended by 300 poultrymen and livestock breeders. Attendance at the Butler meeting will be one factor in determining which district is to get the laboratory.

It may be necessary for local farmers to underwrite a portion of the expense involved. Anyone attending the meeting should be prepared to state what he would be willing to do to establish a laboratory in this area.

A diagnostic laboratory here would be serving a greater poultry population than that in all the New England States combined, therefore we should do all we possibly can to have it established here.

### Times Topics

**VISIT BARN**  
County commissioners reported this morning that many persons took advantage of the open house at the new barn on the Rouse farm in Youngsville on Friday and inspected the structure, one of the most modern in the entire section. They said that any person wishing to look over the barn would be welcome any day to do so.

**MASONIC PICNIC**  
Members of Stillwater Lodge 547, F. and A. M., of Youngsville, will hold their annual family picnic at Wilder Field at 5:30 p. m. Thursday. Those attending are to bring a tureen and table service, and the committee will furnish coffee, cream and ice cream. Arthur Johnson and Kenneth Franklin are in charge of the affair.

**RETURNS FROM VACATION**  
Sgt. Donald Holmes, commanding officer of the Warren station of state police, is back on duty this morning after spending a pleasant week of fishing in Canada. While Sgt. Holmes was away, Cpl. Tony Vavrek, of Erie, formerly stationed in Warren, was in charge of the station.

**HERE FOR BAND PICNIC**  
Mr. and Mrs. Paul Morganroth, Charleston, W. Va., are spending the week at the home of Mr. and Mrs. Clara Lowe, Venturatown. Mr. Morganroth, a former employee of the Times-Mirror, attended the annual picnic of the Leidy Williams Independent band, held at the Williams home on the Jackson Run road Sunday.

**FIRE CALLS**  
City firemen answered three calls over the week-end, one a call for the pneulator when Arthur Mahaffey, 438 Pennsylvania avenue, west, suffered a heart attack Saturday morning. Mr. Mahaffey was revived and taken to Warren General Hospital where he was admitted and discharged yesterday. Saturday evening, firemen went to Maple street where they washed gasoline from the pavement when a car owned by Carl McGinn sprung a leak in the gas line. This morning, shortly before seven o'clock, all equipment turned out on alarm to the Wideman and Teah drug store at Liberty and Pennsylvania avenue, when employees opened up and found the store full of smoke. Firemen located a refrigerator motor in the basement which had burned out. They turned off the electricity until repairs could be made. There was no damage except to the motor.

that Wells had threatened him. He said he told him, July 28, that he must no longer consider himself a member of the family, must keep his place. Gussery said he decided to leave after Mrs. Wells told him she thought he should go.

Although badly shaken in the accident which destroyed the car driven by Sheriff Linder, the three local residents suffered only from shock and bruises. They were in the lane nearest the right side of the road when a station wagon rounded a curve, crashed into two cars. Mr. Linder had brought the Dodge to a stop when it was crashed into from the rear by a huge New Jersey and New York Transit Company bus and pushed into a Chrysler.

The local party arrived here late yesterday, brought back by Deputy Sheriff Sandy Secor, who drove to Goshen yesterday. Equipment in the car which was undamaged was brought to Warren.

# COACH BELL MEETS WITH SQUAD, PLANS WARREN'S FIRST FOOTBALL PRACTICE

## NEW MENTOR TALKS RULES AND TRAINING

The opening practice season of the 1952 football campaign originally scheduled for today for Warren High School and most schools of this area, was likely delayed because of inclement weather with hopes of plenty of sunshine for tomorrow.

At Warren High this afternoon, Coach Fred Bell, making his debut as head grid mentor here this season, met with his entire squad to go over fundamentals, training rules, etc. Bell comes to Warren after playing a similar role at Bellefonte High School, where he had a fine record, and previous to that played varsity ball for the Penn State Lions.

The Dragons' regular schedule this year lists nine games, in addition to the intra-squad games September 1, Labor Day, and a practice game on September 6. The actual curtain raiser will be against Corry on the 13th at War Memorial Field. Of the nine game card, the Blue and White play six games at home and three under the arc away.

**WHS 1952 CARD**

September

1—Intra-Squad.

6—Practice Game.

13—Corry at home.

20—Franklin at home.

26—Titusville, away (night).

October

3—Oil City, away (night).

11—Meadville at home.

17—Bradford, away (night).

26—Ridgway at home.

November

1—Dunkirk at home.

8—Jamestown at home.

According to officials this morning, 148 boys have signed up for the 1952 season and equipment has been issued to 116 boys. Thirteen boys, however, have not received their physical exams yet.

The current roster lists Bob Dorsey, Walt Pittman, George Wollaston and Dave Woodruff, managers, Gordon Albright, Charles Anderson, William Barrett, David Bathurst, Albert Book, Douglas Brian, Paul Brink, Dennis Brown, Joseph Campagna, Billy Carlson, John Cashman, Stephen Coe, Milton Conner, Anthony Cosmano, Ernest Coy, Robert Cramer, William Cramer, Donald Cummings, Dennis Daley, William DeCello, Robert Dickerson.

## Eleven Lettermen Returning, Coach Santo Has Fine Nucleus For Sheffield High Football

With 11 lettermen returning to the Sheffield High School football squad from last season, Coach Ralph Santo has a fine nucleus to build around for the coming season which opens on September 13 for the Wolverines.

The Warren Countians have an eight-game slate, with four at home and four away. The initial practice was to open today, however, inclement weather will cause a delay.

Veterans coming back this year are Larry Fitzgerald, Ronald Kasaback, Joe Piehuts, Jim Wil-

## Vesling Pitches 7th Straight Win As Ludlow Wildcats Beat Brookville Grays, Score 8-1

Keith Vesling backed by the powerful hitting attack of his teammates, hurled his seventh straight victory for the Ludlow Wildcats, as they defeated the Brookville Grays, 8-1, at Wildcat Park Sunday afternoon.

The Ludlow order blasted two Brookville pitchers for 10 hits, three of these extra bases, scoring lone tallies in the first and third and three-run rallies in two later frames.

Jerry Vesling offered his brotherly support to Keith in the sixth inning, when he glouted a three-run homer, one of his two safeties in the contest. "Mittie" Espin also had a big day at the plate Sunday, slamming out three hits in five trips, including a three-bagger.

Next Sunday the Cats play host to the Westfield Moose.

Hamilton at Olean

Hornell at Jamestown

Wellsville at Batavia.

**Tuesday**

Batavia at Hornell.

Bradford at Olean

Hamilton at Corning

Jamestown at Wellsville

## Hamilton Cards In Front of Falcons By One-Half Game

The Hamilton Cardinals forged a half game ahead over the weekend as the Pont League season entered its last two weeks.

Hamilton dropped a 12-6 decision at Olean yesterday, but the Cardinals gained on Jamestown, which lost two of three weekend contests.

Jamestown split a home double-header yesterday with Hornell. Right-handed Jerry Daye shut the Dodgers out, 4-0 on four hits in the opener. Then Hornell came back to take the 11-inning second on third baseman Moe Galand's mighty homer.

In other contests Sunday Batavia's right-hander Charles Berry shut out Wellsville, 6-0 at Batavia allowing seven hits, and Bradford took Corning 2-1.

## Meadville Is Beaten By Tarentum, 2 to 1

York (P)—Tarentum went 13 innings yesterday before defeating Meadville, 2-1, to win the Pennsylvania Softball Championship.

Mike Kruk, who had hurled 11 innings of hitless ball in two previous appearances in the tournament, was the winning pitcher. It was the third time the two teams met in the tourney. All three games were decided by one run. Tarentum won the first, 1-0, and lost the second by the same score.

YANKEE WHIZ KID—Schooled veterans agree that Mickey Mantle, 20, is the most advanced ball player for his age they ever saw. Mantle's eyes follow the ball out of the park at the finish of a beautiful left-hand swing, and the Commerce, Okla., lad manufactures an equal number of home runs batting right-handed. Key man of the New York Americans in center field, The Mick chases the ball as far as he belts it, leaps and reaches into stands to pull down towering drives. He is the fastest man in the major leagues, hook slides like Ty Cobb. (NEA)

## Pennsylvania High School Grid Squads Begin Fall Practice

By DICK HOENIG

Harrisburg (P)—Football paraphernalia came out of the storage lockers today as Pennsylvania high schools started their annual three-week pre-season practice term.

Until the opening whistle on Friday night, Sept. 5, the daily business for the embryonic stars will be practice, practice and more practice, with some coaches sending their charges through two-day sessions.

Sept 5 is the first playing date allowed by the ruling Pennsylvania Interscholastic Athletic Association.

Some 30,000 candidates are expected to draw uniforms in the initial turnout at 800 schools. After the pre-campaign sessions get hot and heavy the would-be greats will be separated from the varsity material and the teams will be molded for the fall season.

Today is the day set by the PIAA as the first for formal practice sessions.

However, some coaches got in a little pre-pre-season practice by having each candidate report for his physical and being prepared in other ways for the opening session today.

For the first few days skull sessions on the team's organization, defense, blocking and tackling tactics will be the main topic. Body contact and intra-mural games follow sometimes after the first week.

Since the PAA holds no statewide football playoff the goal for most scholastic elevens is an undefeated season, plus, maybe, top conference ranking after the two-and-a-half-month gridiron grind ends.

Thirteen major schools finished 1951 schedules without defeat. Two Western Pennsylvania squads, Bellwood-Ants and Munhall, lost in post season games after 10 wins.

Other unbeaten major teams and the number of victories: Conemaugh Township (10), Erie (Turn to Page Twelve)

## Young Hurler Wins Over St. Mary's

St Mary's (P)—Sixteen-year old Tommy Kirkpatrick pitched a seven-inning no hitter to give Beaver Falls a 1-0 victory over St. Mary's in a Section 7 Junior American Legion Baseball playoff game yesterday.

This squares the series at one-all as St. Mary's won, 3-2, Friday at Beaver Falls. The final game will be played tonight at New Bethlehem, Butler County. The winner will go into the eight-team double elimination state championship playoff Aug 23-27 at Allentown.

Stan Horvitan, pitching for St. Mary's, allowed only four hits, but in the sixth inning, with two men out, Wibby Estermyer singled, stole second, and came home on Bert Milnes' triple.

## Pirates and Cubs Split Sunday Games

Chicago (P)—Ralph Kiner and Hank Sauer, fighting for National League homer honors, each smashed roundtrippers as the Pittsburgh Pirates and the Chicago Cubs split a doubleheader yesterday by identical 5-2 scores.

Sauer's circuit blow hit his total to 31, tops in the majors. The Pirate slugger's homer was his 26th of the season.

Pitcher Bob Rush helped win his 12th game for Chicago by batting in three runs. Rookie Jim Waugb was charged with his first major league loss. Bobby Friend, who has lost 16, got credit for his fifth triumph in the nightcap.

YANKEE WHIZ KID—Schooled veterans agree that Mickey Mantle, 20, is the most advanced ball player for his age they ever saw. Mantle's eyes follow the ball out of the park at the finish of a beautiful left-hand swing, and the Commerce, Okla., lad manufactures an equal number of home runs batting right-handed. Key man of the New York Americans in center field, The Mick chases the ball as far as he belts it, leaps and reaches into stands to pull down towering drives. He is the fastest man in the major leagues, hook slides like Ty Cobb. (NEA)

## Four Teams Tie In Shawnee Tournament

Shawnee-on-Delaware, Pa. (P)—Four teams have tied for top money in the annual pro-member championship tournament at Shawnee Inn and Country Club.

George Fazio, Pine Valley, N. J., veteran who tied Ben Hogan and Lloyd Mangrum in the national open two years ago, spun a 3 under par yesterday, teaming with Bill Harmon of New York city to post a 5-up best ball event in shooting two par.

## Arnold of Latrobe Wins Golf Tourney

New Castle (P)—Arnold Palmer of Latrobe holds the Western Pennsylvania-Eastern Ohio Amateur Golf Championship today following a blazing "seven-under-par" performance.

The furloughed coast guardsman shot a 72-67-139 to finish far in front of Dr. Frank Bellino of Youngstown, O., who had a 73-73-146. Tied for third with 147s were Steve Shandor of Pittsburgh and Andy Santore of Youngstown.

## Ageless Jersey Joe Will Defend Title In Phila. Sept. 23

Philadelphia (P)—A crown acting uneasy on his brow, Jersey Joe Walcott will put his world championship on the line here Sept. 23 against undefeated Rocky Marciano, a swarming, club-ated puncher from Brockton, Mass.

This marks only the second time in more than a year that the 38-year-old Cinderella man of boxing from Camden N. J., has ventured to place at stake the title he wrested from Ezzard Charles with a seventh-round knockout in Pittsburgh last year.

Walcott will get 40 per cent of the gate in a battle which will be televised only to theaters and blacked out even for cinema-viewers in Philadelphia and New England. Marciano gets 20 per cent.

Jersey Joe has a 90-day clause assuring him of a return engagement if beaten and a 30-30 split of the gate.

With an annual production of 41,000,000 bushels, Ohio ranks tenth among states of the Union in production of oats.

## SPORTS IN BRIEF

Eugene, Ore.—Tommy Jacobs, 17, Montebello, Calif., won the National Jaycee Junior championship with two-over-par 290 for 72 holes.

TENNIS

Newport R. I.—Frank Sedgman defeated Ken McGregor, 6-3, 6-2, 12-14, 6-3, in all-Australian final of Newport Invitation tournament.

Manchester, Mass.—Maureen Connolly, San Diego, Calif., won the Essex tournament of a 4-6, 6-0, 6-3 victory over Louise Brough, Beverly Hills, Calif.

## Handbags Go to School

By DOROTHY ROE  
Associated Press Fashion Editor

Most college girls aren't burdened by an excess amount of cash, but they need a wardrobe of handbags just the same, to carry such essentials as compacts, lipstick, comb, tissues, pencils, date pads, address books, identification cards, snapshots and bobby pins.

This year manufacturers have recognized this fact, and have put out special line of back-to-school handbags with definite college airs.

A recent survey shows that college girls like a wardrobe of four handbags: a roomy shoulder strap bag for weekends and travel; a tailored "clutch" or envelope bag for campus use because it is so easy to carry with their books; a dressy bag for dates and informal evenings; and an evening bag for proms and formal dances.

In the fall lineup are campus handbags to fit all these classifications, and to suit every taste. Winter cottons are used in some of the smartest new bags, which employ such fabrics as denim, velveteen, corduroy and sailcloth, usually bound with leather. Printed challis also is used in some of the season's smartest bags, as is camel hair.

Wool plaids and flannels are used in bags to match favorite campus clothes, and of course the soft polished leathers are still high in the popularity poll.

CAMPUS FAVORITES... Here are two of the top choices in college handbags: Left, big zippered portfolio in printed challis with double handles of black leather; right, shoulder strap bag in santon cowhide with softly draped front and room for plenty of campus gear.

DATE EQUIPMENT... College girls like a dressy afternoon bag, such as the one at left, in black felt, and an evening bag like this in velvet with bell trim.

CLUTCH BAG... Three-in-one hit style in rust corduroy with red tartan plaid cover which reverses to brown plastic calf, can match any campus costume.

## BETTS PICNIC HELD DESPITE HEAVY RAIN

Saturday afternoon's rainfall failed to dampen the ardor of Betts Machine Company employees, who held their annual outing at Oakview Park despite the downpour, and with 130 in attendance, including the families.

Lewis Catering Service cooked its delectable barbecued chicken indoors and it was none the less tasty, while most of the day's events were run off as per schedule. As was to be expected, the shop force won the tug of war while the pencil-pushers from the front office copped the ball game. President Cliff Betts, beamed in the

fourth by Louie Vesco, wasn't allowed to take base and still had it on his mind this morning. The watermelon eating contest was won by Michele Craig and Diane Hagerman while Mrs. James Gebhardt emerged triumphant in the rolling pin contest. Gifts were awarded to Mr. and Mrs. Walter Anderson, Mr. and Mrs. Arthur Hagerman and Frank Colosimo.

## Father of Drowning Victim Reported to Reside in Warren

A 19-year-old youth, Stanley Benton, 297 East Main street, Bradford, whose father, Steve Benton, is said to reside in Warren, became Chautauqua Lake's third drowning victim at approximately 7 P. M. Sunday when he sank into deep water off Maple Springs after falling from his water skis.

Stanley Benton, 297 East Main Street, Bradford, disappeared in the water after he fell from the skis and started to swim.

He was being towed by a boat operated by Richard Landers of R. D. 3, Bradford. Landers told police he saw Benton fall into the water and then come to the surface and start to swim. Landers turned the boat about to bring the youth aboard but Benton had disappeared, he told police.

Landers then raced for shore and notified authorities who broadcast an immediate general rescue alarm. The Benton drowning was the second in Chautauqua Lake within eight days and the third this summer. Josephine Te-Culver, 18, of Clymer, drowned near Mayville Aug. 11.

Dragging operations for Benton's body were started within 20 minutes by members of the Bemus Point and Maple Springs Fire departments and Lakewood land and water rescue units.

The body was recovered at 11:45 p. m., just 10 minutes before dragging operations were to cease for the night.

Benton fell from the skis about 800 feet off shore from the Whiteside Hotel, Maple Springs. Police said Benton was reported to be a good swimmer but had little experience in water skiing.

The youth is the son of Mrs. Harold Benson, 297 East Main Street, Bradford. He also is survived by his father, Steve Benton of Warren. Young Benton was staying at the Shagbar Cottage, Maple Springs.

## Plane Spotting At Sheffield Meeting

The spotting of airplanes will be described at first hand tonight in the Township building at Sheffield when all those interested are asked to attend a meeting which has been set for 8 o'clock.

The meeting will be in charge of Lt. Arthur B. Keiffer, USAF, who will come from the Buffalo filter center with a group of his men to put on a demonstration and to show a motion picture dealing with airplane spotting.

## YOUR FORESTER L. E. Stetz

In order for individuals and groups to receive telephone and electric service within, or adjacent to, a national forest it often becomes necessary for utility lines to cross national forest land. This is as entirely permissible on Pennsylvania's Allegheny National Forest as it is on all others.

In order to secure rights-of-way to cross publicly owned lands administered by the Forest Service a special use permit is required. If the proposed location of the line is not in conflict with established roadside reservations, or other policies necessary to protect the public's interest a permit is granted along the proposed route. If the proposal conflicts with the policies, however, an alternate route out of sight of the road is required.

Obviously, from the standpoint of construction costs, and ease of maintenance, the most economic

route for these utilities would be immediately adjacent to a highway. However, this is also the most economical place for offensive advertising billboards, hot dog stands, and garbage dumps.

Although a national forest differs in many ways from a national park, the esthetic values common to both are still recognized as important and of public interest on the national forest. One such high public esthetic value is the unspoiled "woodsy" atmosphere along forest roads. This policy of preserving high esthetic values along forest highways is not just a local practice, nor is it something new in forest service administration. The policy to maintain uncluttered roadside zones, designed to preserve scenic values, has been in effect for many years.

Today some 150 odd national forests in 42 states, Alaska and Puerto Rico observe it. These national forests cover about one-tenth of all the land area of the Nation, the application of such a policy on the Allegheny Forest obviously is not based upon solely local decisions.

In adhering to such a stand it is only natural that sometimes conflicting interests arise. A recent typical case in which complications were encountered was the proposed electric line to service the Warren County Boy Scout Camp Olmsted. To provide electricity for this camp the power company staked out a proposed line which for the most part, ran up the Allegheny river across stream from the camp, keeping

out of sight of the road until it got beyond the river crossing to the camp. It then was to continue up the river to service a group of eight camps on private land at Gowango. In so doing it would have invaded the roadside zone in a number of places. Naturally the permit could not be issued until such time as a revised route satisfactory to both the electric company and the forest service could be staked out. At no time was the door closed to the applicant through a denial of access across government land because logical right-of-way requests outside of the roadside zones are almost always granted.

Then representatives of the power company and the forest service got out onto the ground to reconcile their differences, a minor change in line location opened the way to an acceptable route to the Boy Scout Camp, and a continuation of the line up the west side of the river over easier going land plus another river
